HARDWOOD SMOKING PELLETS

Pitmaster BBQ Hardwood Smoking Pellets are the perfect choice when smoking your favourite foods. Made from 100% natural American hardwood, these pellets are larger, burn longer and contain almost no dust compared to other pellets. The aromatic blend of **black oak, hickory and mesquite** produce subtle flavours without overpowering your food. Available in 2kg bags, Pitmaster BBQ Pellets are the perfect add-on to any **grill or smoker** sale, and they work brilliantly with the 'A-Maze-N' range of smoking products.
